Alabama Surface Mining Commission
P. O. Box 2390
Jasper, AL 35502-2390

RE: Tuscaloosa Resources, Inc.
Howton Mine, P-3839

To Whom It May Concern:

I am the legal owner of record of certain property in Tuscaloosa County, Alabama located as described in the following table:

Section	Township	Range	Quarter-Quarter
26	20 South	8 West	NE/SW, SE/NW & NW/NW

and disturbed by the above referenced mining operation. I prefer that the post mining landuse for my property be left as undeveloped/no current use. All roads are to remain as permanent for landowner access and all roads used as methane gas well access will be industrial/commercial. I prefer that basins 002, 002A, & 006 be left as permanent water impoundments for Industrial use. I do agree to assume all responsibility for sound maintenance of all sediment basins after a Phase III bond release has been granted.

Sincerely,

By Its: Martin Ray

RE: Tuscaloosa Resources, Inc.
Howton Mine, P-3839

To Whom It May Concern:

I am the legal owner of record of certain property in Tuscaloosa County, Alabama located as described in the following table:

Section	Township	Range	Quarter-Quarter
22	20 South	8 West	SE/SE, SW/SE, NW/SE, NE/SW, SE/SW, SW/SW, NW/SW, NE/NW, SE/NW, SW/NW & NW/NW
26	20 South	8 West	SW/SE, SE/SW, SW/SW, NW/SW, SW/NW
27	20 South	8 West	NE/NE, SE/NE, SW/NE, NW/NE, NE/SE & NE/NW
35	20 South	8 West	NE/NW & NW/NW

and disturbed by the above referenced mining operation. We prefer that the post mining landuse for our property be left as undeveloped/no current use, except for the area permitted by the ADIR (see landuse map), which is to be Industrial/Commercial use. All roads are to remain as permanent for landowner access and all roads used as methane gas well access will be industrial/commercial. We prefer that basins 008 & 008A be left as permanent water impoundments for Industrial use. We prefer that basins 001, 013, 013A & 014 be left as permanent water impoundments for fish & wildlife habitat. We do agree to assume all responsibility for sound maintenance of all sediment basins after a Phase III bond release has been granted.

Sincerely,

Kathy H Love
