General NPDES Permit ALG890341

Dear Mr. Thomas:

As per our telephone conversation yesterday, attached please find a corrected permit map for the above referenced permit. The attached map more accurately depicts the disturbance area. As we discussed, the entrance road location (lat.-long.) remains the same and the permit area simply shifts directly north approximately 200 feet. If possible, please replace the existing map with the attached.

If you have any questions or require additional information, please feel free to call me at (205) 221-0686.

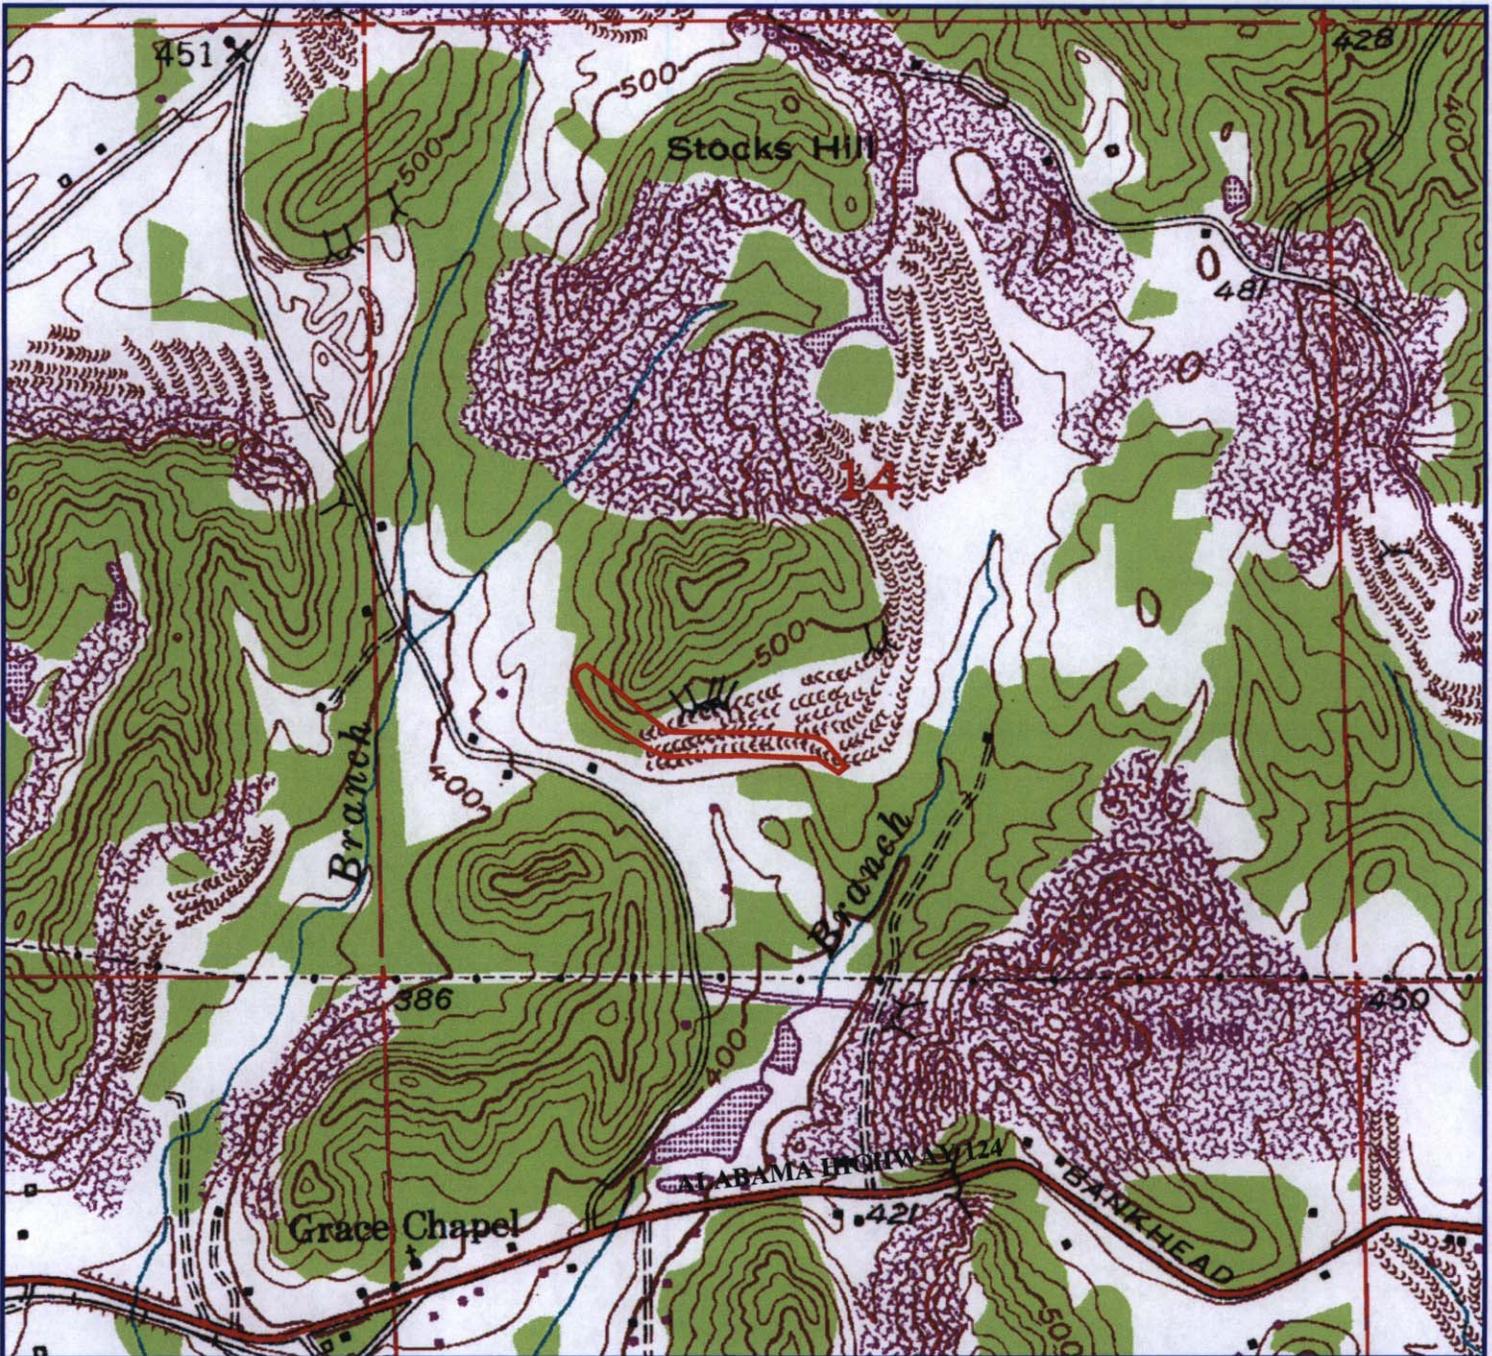

Sincerely,

McGehee Engineering Corp.
