To whom it may concern,

I am the legal owner of record of certain properties in Shelby County, Alabama on which a portion of the land disturbed by the above referenced mining operation is located. I prefer that the post mining land use for my property be left as forest with all roads to remain as permeant for landowner access. The only exception is 1 acre in the NW/SW of Section 21, Township 21 South, Range 4 West permitted as Sediment Basin 015B be left as undeveloped/no current use.
