

Applicant: Jim Walter Resources, Inc.  
Mine Name: North River No. 1 Underground Mine  
Permit Number: P- 3222 / Revision R-38

PART IV - ADDENDUM TO RECLAMATION PLAN

- 1) The historic premining landuse and the proposed post mining landuse for the acreage indicated in the above referenced R-38 is compatible with the surrounding landuse and of the previously approved Permit P-3222. See Attachment to Part IV Addendum Pre Revision R-38 Post Mining Landuse Maps Sheets 1, 2, 3, 4, and 6 for the post mining landuse of the permit area prior to Revision R-38. See Attachment IV-A-1 Post Mining Landuse Maps Sheets 1, 2, 3, 4, and 6 for the post mining landuse of the permit area after Revision R-38 is approved. In addition, see attached Post Mining Landuse Letters Attachment IV-A-1(a).
- 2) No area is proposed to be added through Revision R-38.
- 3) Completeness of contouring, backfilling, and grading shall follow the same requirements as the previously approved Reclamation Schedule. All grading and contouring shall follow the approximate original contours.
- 4) No area is proposed to be added through Revision R-38.
- 5) Husbandry practices and sampling to determine success of revegetation shall be in accordance with procedures outlined in the original permit application and subsequent revisions.
