**PART I B. OWNERSHIP AND CONTROL**

**1. PERMIT APPLICANT OWNERSHIP AND CONTROL.**

At the time of filing of this application provide an update of all information contained in the applicant's license file or certify that the information contained in the license is accurate and complete. The updated information shall be submitted on Part I A through Part I F of the License application form. Check one of the following:

- A license update is included.
- Information contained in the license file is accurate and complete at the time of filing of this application.  
No update is included.

Following notification that the permit appears eligible for issuance, the applicant must certify that all information in this application and the license file pertaining to ownership and control, surface mining history and violation history is still valid or the applicant must submit the appropriate update information.

**2. OPERATOR OWNERSHIP AND CONTROL.**

If someone other than the permittee has been identified as the operator under this permit, an update of the ownership and control information contained in the operator's license file must be provided or certify that the information contained in the license file is accurate and complete. The updated information shall be submitted on Part I A through Part I F of the License application form. Check one of the following:

- A license update is included.
- Information contained in the license file is accurate and complete at the time of filing of this application.  
No update is included.

Following notification that the permit appears eligible for issuance, the applicant must certify that all information in this application and the license file pertaining to ownership and control, surface mining history and violation history is still valid or the applicant must submit the appropriate update information.

**3. CONTROL OF MINING OPERATION THROUGH CONTROL OF COAL TO BE MINED.**

Provide the information below for any person or entity who owns or controls the coal to be mined under this permit and who, by lease, sublease, or other contract:

- A. has the right to receive the coal after mining, or,  
B. has the authority to determine the manner in which the operator or permittee conducts surface coal mining operations.

**PART I C. PROPERTY OWNERSHIP, INTERESTS AND RIGHTS**

**1. OWNERSHIP OF PROPERTY TO BE MINED AND RIGHT OF ENTRY.**

**INSTRUCTIONS:**

Show the property ownership boundaries of each parcel of land in the permit area on the permit map or an overlay of the same scale as the permit map. If the surface estate is severed from the mineral estate, show and describe the ownership of each estate separately. In the spaces below, identify:

1. Every current legal or equitable owner(s) of record (as found in a standard search of title) of the property;
2. The holders of record of any leasehold interest in the property; and,
3. Any purchaser of record under a real estate contract of the property.

Describe the basis of the applicant's legal right to enter and mine on all properties contained in the permit application. If the mineral estate has been severed from the surface estate, describe the basis of the legal right to enter and mine both the surface and mineral separately. Give the nature of such right (i.e. lease, deed, contract, etc.), where recorded, describe from whom, to whom, and the date executed, and whether that right is the subject of pending litigation.
