RE: Crimson Oak Grove Resources, LLC
Oak Grove Mine, P-3232, R-63

Dear Ms. Love:

Crimson Oak Grove Resources, LLC, Oak Grove Mine proposes to disturb within 100' of Mud Creek for the purpose of a pad construction for mine facilities. See the attached 100' Stream Offset Waiver Map.

Drainage control will consist of silt fences around the areas and be maintained until vegetation is established. Therefore, Crimson Oak Grove Resources, LLC requests permission to disturb within the 100 ft setback of Mud Creek.

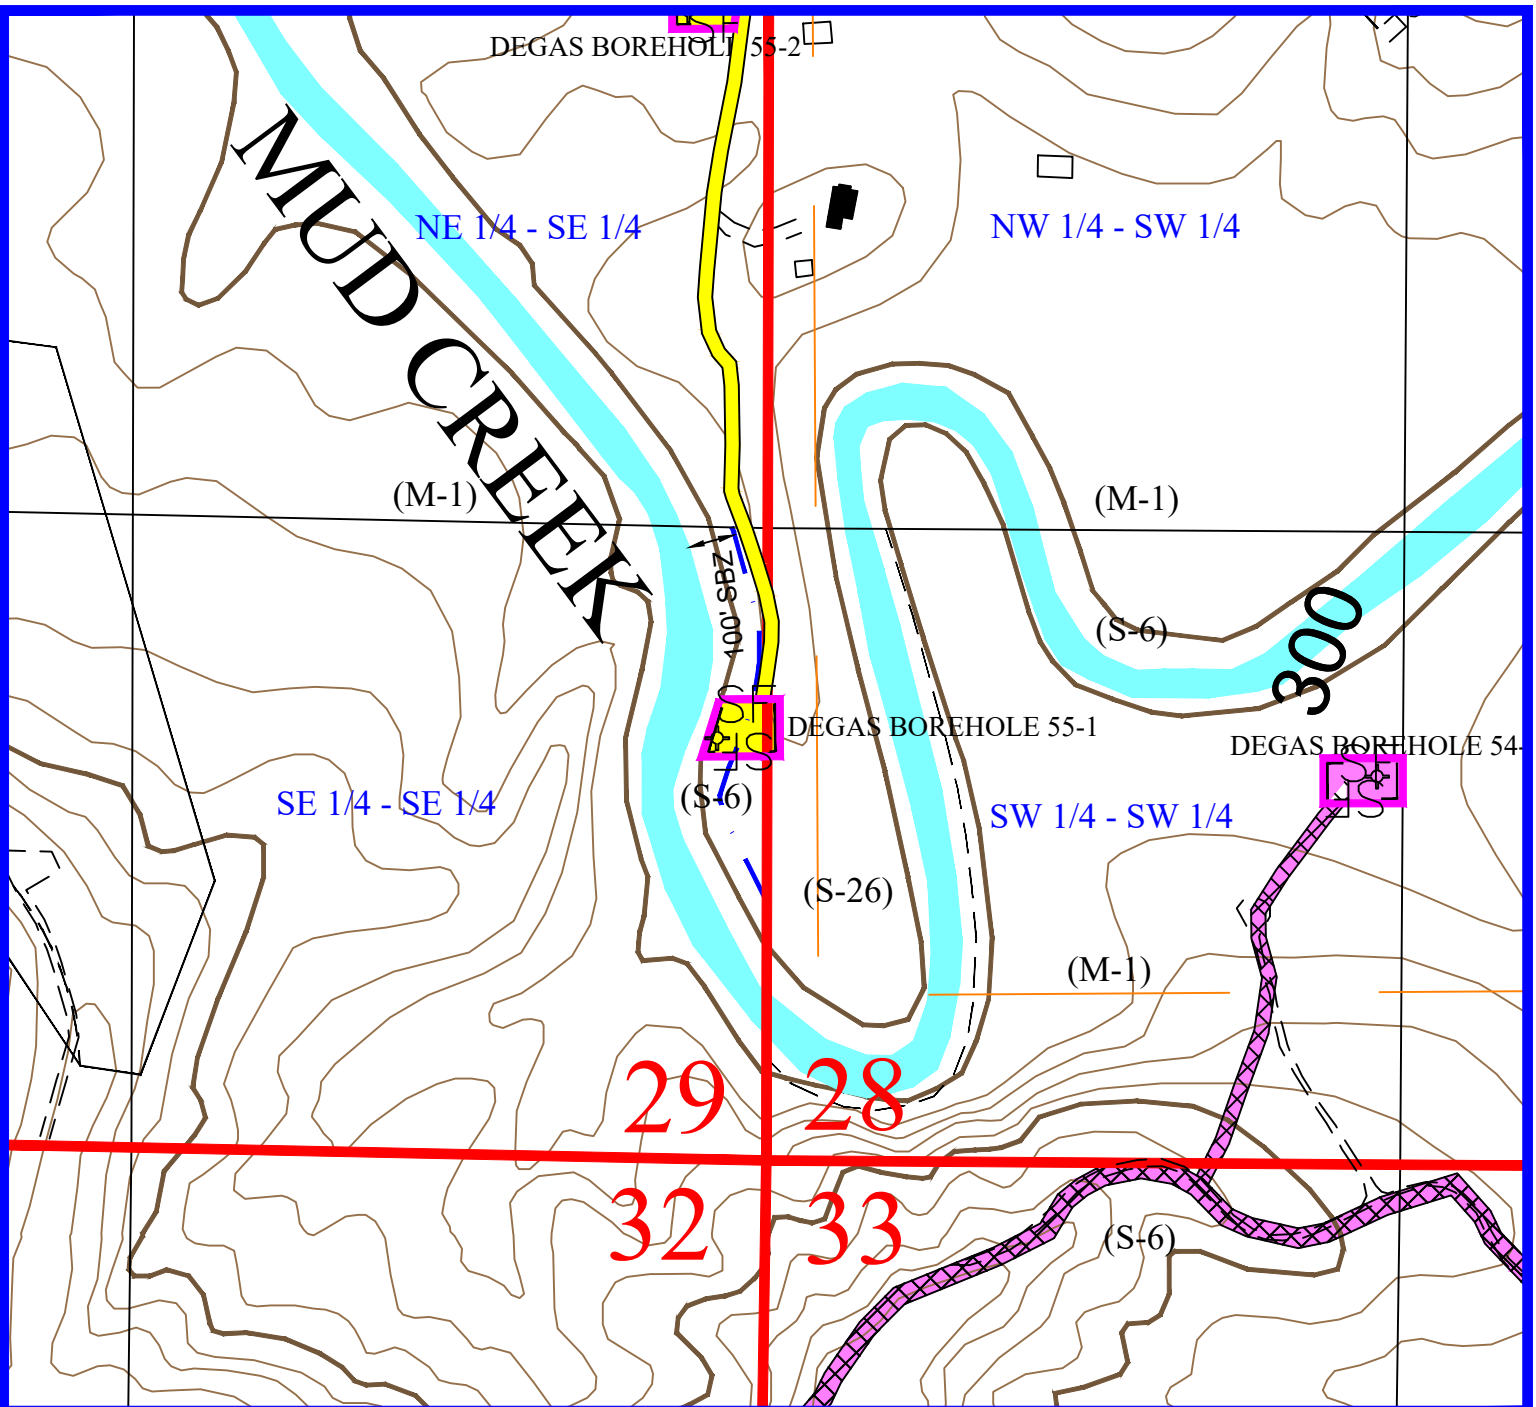

If you have any questions or need additional information, please do not hesitate to contact our office.

Sincerely,

McGehee Engineering Corp.
