SURFACE MINING COMMISSION

P.O. BOX 2390 - JASPER, ALABAMA 35502-2390 (205) 221-4130 - FAX: (205) 221-5077

Permit Revision Number: R-20

REVISION TO PERMIT FOR SURFACE COAL MINING OPERATIONS

Pursuant to the Alabama Surface Mining Control and Reclamation Act, Act No. 81-435, and duly promulgated rules of the Commission, revision is hereby approved for permit:

P-3233-01-18-P
Oak Grove Resources, LLC
c/o Cliffs North American Coal, LLC
200 Public Square, Suite 3300
Cleveland, OH 44114
(Concord Prep Plant)

License No.:

L-737

Pursuant to the

permit map:

Certified by:

Leslie G. Stephens, PE# 14117-E

Date:

March 2, 2015

The permit is revised as follows:

- Request to update the Operations Plan to include a Modification to the Coarse Refuse Disposal Plan and Slurry Impoundment No. 3, which is contained within the Coarse Refuse Area.
- 2. Submit the Detailed Design Plans for the modification of the Coarse Refuse Disposal Area and Slurry Impoundment No.3.
- No acreage change.
- CONDITION R-20-1: The permittee shall conduct Surface coal Mining and Reclamation Operations in accordance with the plans, provisions and schedules in the permit revision application.
- <u>CONDITION R-20-2</u>: The permittee shall conduct operations in a manner to prevent damage or harm to the environment and public health and safety and shall notify ASMC and the public of any condition which threatens the environment or public health and safety.
- <u>CONDITION R-20-3</u>: Surface coal mining operations are restricted to those areas for which sufficient bond has been posted with ASMC.
- CONDITION R-20-4: No mining disturbance is to occur on any part of the permit on which legal "right of entry" has not been obtained. When such rights are "pending" the applicant shall submit acceptable evidence, to the Director, that such rights have been obtained according to ASMC Regulation 880-X-8D-.07.
- CONDITION R-20-5: No disturbance is to occur on any properties on which land use comments from legal owners of record are "pending" prior to the applicant providing acceptable comments.

- P-3233, Revision 20 (Continued)Page 2 of 4
- <u>CONDITION R-20-6</u>: No disturbance is to occur in the 300' setback area to any occupied dwelling prior to the applicant providing acceptable evidence to ASMC of its having secured a waiver of each subject area signed by the owner of the dwelling.
- CONDITION R-20-7: No mining disturbance shall occur within the 100' setback of any public road or the relocation of any public road prior to the applicant providing acceptable evidence, to the Director, of its having secured approval for a waiver from the appropriate jurisdictional authority and specific written waiver from ASMC.
- <u>CONDITION R-20-8</u>: No disturbance is to occur on any area that conforms to the U.S. Army Corps of Engineers (Corps) definition of wetlands until acceptable evidence is submitted, to the Director, of Corps approval.
- CONDITION R-20-9: This permit revision in no way authorizes the operator to cause material damage to or otherwise impair any lands, facilities, or improvements located on the surface above or adjacent to the mineral being mined in violation of the property rights of any owner of surface lands or facilities.
- <u>CONDITION R-20-10</u>: Any water supply impacted by subsidence or other causes associated with underground mining will be replaced or restored by the permittee.
- The ASMC, acting by and through its Director, hereby finds, on the basis of information set forth in the revision application or from information otherwise available, that --
- <u>FINDING R-20-1</u>: The permit revision application is complete and accurate and the applicant has complied with all requirements of the Act and the regulatory program.
- FINDING R-20-2: The applicant has demonstrated that reclamation as required by the Act and the regulatory program can be accomplished under the reclamation plan contained in the permit revision application.
- FINDING R-20-3: The proposed permit area is:
 - (a) Not within an area under study or administrative proceedings under a petition, filed pursuant to Chapter 880-X-7 to have an area designated as unsuitable for surface coal mining operations;
 - (b) Not within an area designated as unsuitable for mining pursuant to Chapter 880-X-7 or subject to the prohibitions or limitations of Section 880-X-7B.-06 and Section 880-X-7B-.07 of this chapter; or
 - (c) Is within an area under study or designated as unsuitable for mining but the applicant has demonstrated valid existing rights.

- FINDING R-20-4: For mining operations where the private mineral estate to be mined has been severed from the private surface estate, the applicant has submitted to the Regulatory Authority the documentation required under Section 880-X-8D.07 and Section 880-X-8G-.07 of this chapter.
- FINDING R-20-5: The Regulatory Authority has made an assessment of the probable cumulative impacts of all anticipated coal mining on the hydrologic balance in the cumulative impact area and has determined that the proposed operation has been designed to prevent material damage to the hydrologic balance outside the permit area.
- FINDING R-20-6: The applicant has demonstrated that any existing structure will comply with Section 880-x-2B-.01, and the applicable performance standards of Chapter 3 or 10.
- <u>FINDING R-20-7</u>: The applicant has paid all reclamation fees from previous and existing operations as required by 30 C.F.R., Subchapter R.
- <u>FINDING R-20-8</u>: The applicant has satisfied the applicable requirements of Subchapter 880-x-8J.
- FINDING R-20-9: The applicant has, if applicable, satisfied the requirements for approval of a long-term, intensive agricultural, postmining land use, in accordance with the requirements of 880-x-10C-.58(4) and 880-x-10D-.52(4).
- FINDING R-20-10: The operation will not affect the continued existence of endangered or threatened species, or result in destruction or adverse modification of their critical habitats, as determined under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).
- FINDING R-20-11: The Regulatory Authority has taken into account the effect of the proposed permitting action on properties listed or eligible for listing on the National Register of Historic Places. This finding is supported in part by inclusion of appropriate permit conditions or changes in the operation plan protecting historic resources, or a documented decision that the Regulatory Authority has determined that no additional protection measures are necessary.
- FINDING R-20-12: For a proposed remining operation where the applicant intends to reclaim in accordance with the requirements of Section 880-X-10C-.56 or 880-X-10D.-49, the site of the operation is a previously mined area as defined in Section 880-X-2A-.06.
- <u>FINDING R-20-13</u>: Surface coal mining and reclamation operations will not adversely affect a cemetery.
- FINDING R-20-14: After application approval but prior to issue of permit revision, ASMC reconsidered its approval, based on the compliance review required by Section 880-x-8K-.10(2)(a) in light of any new information submitted under 880-x-8D-.05(8).
- <u>FINDING R-20-15</u>: The applicant has submitted the performance bond or other equivalent guarantee required under Chapter 880-X-9 of the ASMC Rules prior to the issuance of the permit revision.

P-3233,	Revision	20	(Continued)	Page	4	of
---------	----------	----	-------------	------	---	----

<u>FINDING R-20-16</u>: For mining operations where a waiver is granted from the 100° setback from a public road according to 880-X-7B-.07, the interests of the public and affected landowners have been protected.

FINDING R-20-17: This permit does not constitute a determination that the operator has the legal right to cause material damage to or impair any surface lands or facilities above or adjacent to the mineral being mined, according to the Energy Policy Act of 1992, SMCRA section 720(a)(1), 30 U.S. Code Section 1309a. In addition, by accepting this permit revision the applicant agrees that any water supplies impacted by subsidence be replaced according to the Energy Policy Act of 1992, SMCRA Section 720(a)(2) 30 U.S. Code Section 1309a.

ACREAGE SUMMARY:

*	Increment	01	remains	786	acres
×	Increment	02	remains	<u>7</u> 2	acres
			TOTAL:	858	acres

* Bonded to date

All other terms and conditions remain in effect as well as all Findings in the original permit and any Findings appropriate for this revision.

EFFECTIVE DATE: May 5, 2015
