This project area has already been reviewed and a JD issued under Project No. SAM-2013-00514-CMS. A map of Lindbergh Mine 2R-20 is attached.

RE: C & H Mining Company, Inc. – Lindbergh Mine No. 2 – Revision R-20 – No Permit Required Request

~~33.55421-86.89675~~  
33.59944-87.04084

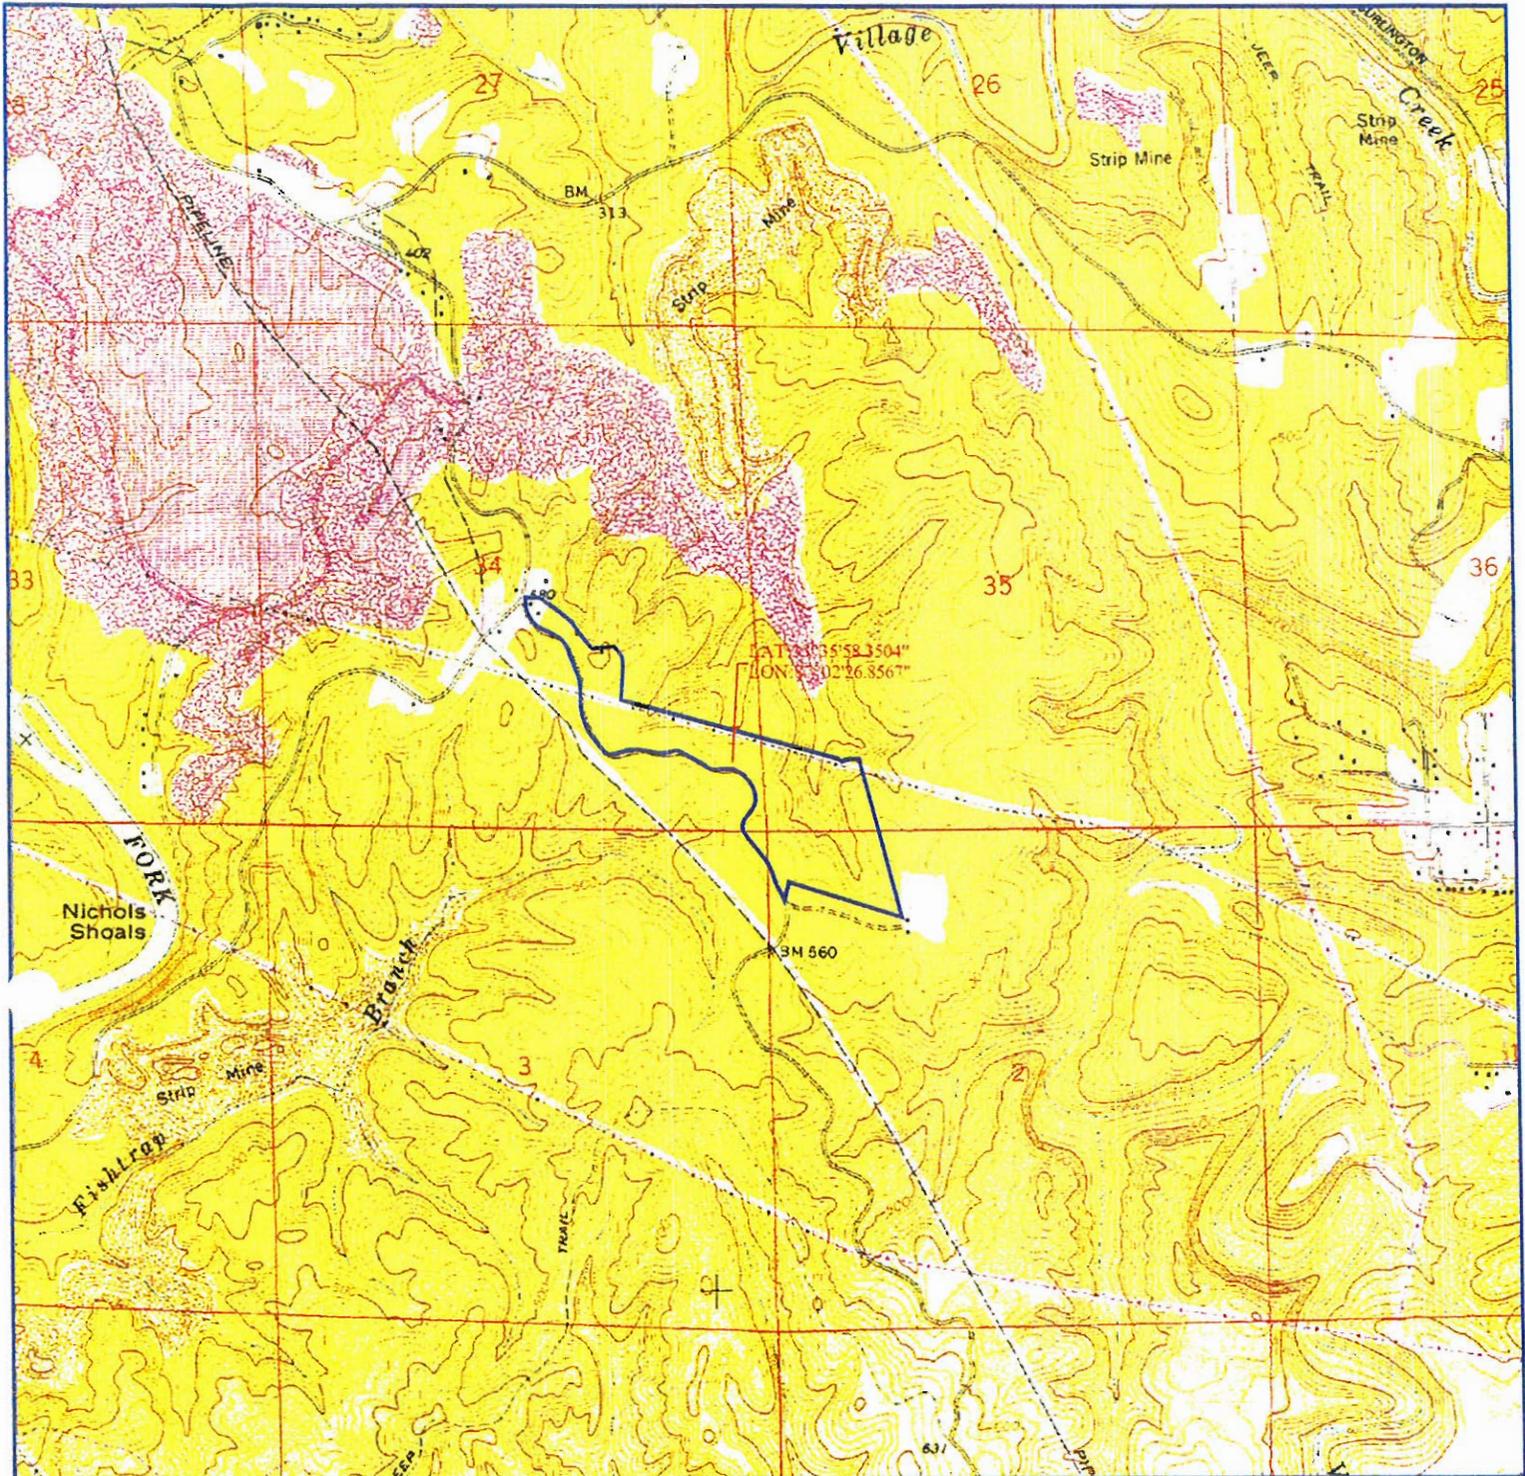

Dear Ms. Cindy House-Pearson:

We are in the process of applying for a mining permit revision for the areas described below and are therefore submitting this letter to your office as a request for verification that the proposed project, C & H Mining Company, Inc. – Lindbergh Mine No. 2 – Revision R-20, will not require a Department of Army Permit.

C & H Mining Company, Inc. has plans to expand mining operations in Jefferson County, Alabama. In order to accommodate its business expansion in Jefferson County, C & H Mining Company, Inc. proposes to add a total of 80 acres at the project site as located in Sections 2 & 3, Township 17 South, Range 5 West and Sections 34 & 35, Township 16 South, Range 5 West, all on the Sylvan Springs, Alabama U.S.G.S Quadrangle as found in Jefferson County, Alabama. The proposed site location is shown on the attached 2000' scale project area map attachment "B".

The 80 acre project area consists of mostly disturbed land from silvi-culture operations all of which have no jurisdictional drainage courses or wetlands to be filled. I have attached an aerial photo in attachment "C", which reveals the absence of any jurisdictional waterways. A jurisdictional determination was verified on this area in June 5<sup>th</sup>, 2013, in JD SAM-2013-00514-CMS. The boundary for the above JD Request in reference to Lindbergh Mine No. 2 – Revision R-20 can be seen in the previously approved JD boundary map, attachment "D".
