Permit Renewal Number: P-3833-64-23-S

RENEWAL TO PERMIT
FOR SURFACE COAL MINING OPERATIONS

Pursuant to the Alabama Surface Mining Control and Reclamation Act, Act No. 81-435, and duly promulgated rules of the Commission, Renewal is hereby approved for permit:

Issued to: P-3833-64-23-S
Centennial Natural Resources, LLC
P.O. Box 2420
Jasper, AL 35502
(South "F" Mine)

License No.: L-836

The permit is renewed for an additional term of 5 years.

All terms and conditions of the permit remain in effect.

Renewal Finding 1: By comments dated September 25, 2017 the U.S. Fish and wildlife service concurred that the proposed project is not likely to adversely affect the Indiana bat and/or the northern long-eared bat if tree removal only occurs between October 15 and March 31.

Renewal Condition 1: The permittee must flag the approximately 77 acres of potential summer roosting habitat for the Indiana bat and Northern Long-eared Bat. This area is shown in yellow on the potential summer roosting habitat map dated September 11, 2017. This area shall be flagged in a different color than the permit boundary flagging.

Renewal Condition 2: The permittee can only conduct tree removal from October 15 through March 31 within the areas that have been flagged as potential summer roosting habitat for the Indiana bat and the northern Long-eared Bat.

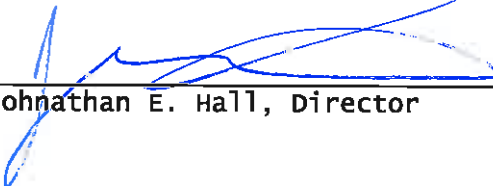

Renewal Condition 3: If timber removal from the potential summer roosting habitat is necessary outside the October 15-March 31 timeframe an Indiana bat and Northern Long-eared Bat Presence/ Absence Survey and Fish and Wildlife approval must be submitted to ASMC prior to tree removal.
