

**ALABAMA SURFACE MINING COMMISSION**  
**PERMIT APPLICATION**  
**INDEX GUIDE**

**Permit Map 1 of 2**  
**Permit Map 2 of 2**

**Blue Creek Energy, Inc.**  
**Blue Creek Energy Mine No. 1**  
**ASMC Permit Number: P-3964**

**Part I      **Administrative****

- A.      Identification
- B.      Ownership and Control
- C.      Property Ownership, Interests and Rights
- D.      Permit Area Information
- E.      Public Notice and Availability for Inspection

**Part II     **Environmental Resources Information****

- A.      Fish, Wildlife and Environmental Values
- B.      Cultural, Historical and Archeological Resources
- C.      Threatened and Endangered Species
- D.      Lands Unsuitable for Mining
- E.      Geology
- F.      Groundwater Hydrology
- G.      Surface Water Hydrology
- H.      Probable Hydrologic Consequences Determination
- I.      Hydrologic Reclamation Plan
- I.      Land Use Information
- J.      Vegetation Information

**Part III    **Operation and Engineering****

- A.      General Operation Information
- B.      Engineering Plan
  - 1.      Existing Structures
  - 2.      Ponds, impoundments, banks, dams, and embankments
  - 3.      Diversion
  - 4.      Excess Spoil
  - 5.      Transportation Facilities
- C.      Blasting Plan
- E.      Hydrologic Monitoring Plan
- H.      Subsidence Control Plan

**Part IV    **Reclamation Plan****

- A.      Postmining Landuse
- B.      Grading and Contouring
- C.      Revegetation

**Part V      **Bonding****

**Part VI     **Verification of Permit Application****

**Part VII    **Final Verification of Permit Application****
