Re: U.S. Department of the Interior Fish and Wildlife Service
Little Spring Creek Mine
Fish and Wildlife Resource Assessment

Dear Dr. Johnson:

The enclosed request for comments by the U.S. Department of the Interior Fish and Wildlife Service regarding the proposed Little Spring Creek Mine was performed by TASK Engineering Management Inc. on behalf of Haley Brothers Coal, Inc. on March 08, 2010. A response was formulated by the Fish and Wildlife Service on March 16, 2010 regarding the proposed mine site. Since the date of these respective letters, Haley Brothers Coal, Inc. has sold its rights to this proposed permit to Cedar Lake Mining, Inc.

This is to certify that the proposed permit boundaries have not changed since the original request for comments by TASK Engineering Management Inc. and that these responses, though sent on behalf of Haley Brothers Coal, Inc., remain valid for the site and the proposed surface coal mining permit of Cedar Lake Mining, Inc.

If you have any questions or need additional information, please call us at your convenience at (205) 978-5070 or you may email me at jw-task@charter.net.

Sincerely,

Re: Haley Brothers Coal, Inc.
Little Spring Creek Mine

Dear Ms. Snyder-Conn:

Please accept this letter as our request for comments from your office regarding the proposed surface coal mine site of Little Spring Creek Mine.

We are in the process of applying for a mining permit on approximately 1158 acres in Sections 27, 28, 33, 34 and 36, Township 12 South, Range 7 West, and in Sections 2, 3 and 4, Township 13 South, Range 7 West as depicted on the Manchester and Sunlight U.S.G.S Quadrangle maps located in Walker County, Alabama. The proposed site location is shown on the attached "Project Location Map" included with this request.

If you have any questions or need additional information, please call us at your convenience at (205)978-5070 or you may email me at jw-task@charter.net.

Sincerely,

Jerry W. Williams,
