RENEWAL TO PERMIT
FOR SURFACE COAL MINING OPERATIONS

Pursuant to the Alabama Surface Mining Control and Reclamation Act, Act No. 81-435, and duly promulgated rules of the Commission, Renewal is hereby approved for permit:

Issued to: P-3978-58-24-S
Camellia Met Mining, LLC
1615 Kent Dairy Road
Alabaster, AL 35007
(Gurnee Mine)

License No.: L-869

The permit is renewed for an additional term of 5 years.

All terms and conditions of the permit remain in effect.

Renewal Finding 1: By comments dated March 14, 2019 the U. S. Fish and Wildlife Service (FWS) states that the project site contains suitable spring/summer roosting habitat for the endangered Indiana bat and threatened northern long-eared bat. The permittee has stated that tree removal is only to occur between October 15 and March 31, therefore FWS concurs that no impacts to the Indiana bat and/or northern long-eared bat are anticipated as a result of your proposed project. No other federally listed species/critical habitat are known to occur in the project area.

Renewal Condition 1: The permittee may only conduct tree removal within the permit area from October 15 through March 31.

Renewal Condition 2: If timber removal is necessary outside the October 15-March 31 timeframe an Indiana bat and Northern Long-eared Bat Presence/Absence Survey must be submitted to Fish and Wildlife (FWS) and approval from FWS must be submitted to ASMC prior to tree removal.
