Re: AHC 10-0933
CRA/Mine No. 1/Areas 1 & 2-Revision No. 5
Jefferson County

Dear Ms. Tubbs:

Upon review of the above referenced project, we have determined that project activities will have no effect on any cultural resources listed on or eligible for the National Register of Historic Places. Therefore, we concur with the proposed project activities.

However, should artifacts or archaeological features be encountered during project activities, work shall cease and our office shall be consulted immediately. Artifacts are objects made, used or modified by humans. They include but are not excluded to arrowheads, broken pieces of pottery or glass, stone implements, metal fasteners or tools, etc. Archaeological features are stains in the soil that indicate disturbance by human activity. Some examples are post holes, building foundations, trash pits and even human burials. **This stipulation shall be placed on the construction plans to insure contractors are aware of it.**

We appreciate your commitment to helping us preserve Alabama's non-renewable resources. Should you have any questions, the point of contact for this matter is Amanda McBride at 334-230-2692 or Amanda.McBride@preserveala.org. Please have the AHC tracking number referenced above available and include it with any correspondence.

Sincerely,

Lee Anne Wofford
Deputy State Historic Preservation Officer
